

## FedEx® International Solutions for your business

Whether you are shipping documents to meet a deadline, saving money on a regular shipment or moving freight, FedEx offers a suite of transportation solutions to meet your business needs.

Our extensive global network connects you quickly and reliably to over 220 countries and territories around the world. With door-to-door, customs cleared delivery typically in 24 to 48 hours, we are committed to supporting you with the right International Service—Guaranteed!<sup>1</sup>

## Information About Our Services

### FOR PACKAGES UP TO 150 LBS.

Choose from these fast, reliable, time-definite delivery services to meet your most critical deadlines. All backed by our Money-Back Guarantee!<sup>1</sup> Wherever you want to take your business, FedEx can help you get there.

### FedEx International First®<sup>1</sup>

Our fastest-possible delivery alternative for your shipments to select cities in the United States and Europe—with transit time of 1, 2 or 3 business days, and deliveries as early as 8:00 AM and 9:00 AM respectively; and to Asia by 09:00 AM on the third business day.

### FedEx International Priority®

Express door-to-door, delivery alternative with the best coverage for your shipments to over 220 countries and territories around the world. Our customs-cleared, time-definite service is typically delivered in 1, 2, or 3 business days to the United States and as early as 10:30 AM depending on its destination.

- **FedEx® 10kg & 25kg Box<sup>2</sup>** No tape, no string, no scissors and no more searching for an empty box – a packaging solution that allows you to ship your FedEx International Priority®, shipment at flat rate, up to 10kg or 25kg—value for your money.

### FedEx International Economy®<sup>3</sup>

A cost effective alternative when shipping to international destinations for your less than urgent shipments with delivery in 4 to 6 business days.

<sup>1</sup> Some restrictions apply. Please contact your local FedEx office for more information.

<sup>2</sup> If a FedEx® 10kg Box or a FedEx® 25 kg Box exceeds its weight limit, a special rate applies.

<sup>3</sup> There is no FedEx Envelope® or FedEx Pak® pricing for FedEx International Economy.

The rates in this document are effective January 2, 2012 and supersede the rates shown in the 2011 rate sheets. Based on the package weight, any fraction of a pound/kilo takes the next higher rate. Rates do not include any other fees or charges that may be assessed such as (but not limited to) declared-value charges, special handling fees, customs duties and taxes, ancillary fees and surcharges.

### Information About Our Services

**FOR PACKAGES OVER 150 LBS.**

Transportation solutions that offer lower rates for your heavy shipments or palletized airfreight with guaranteed<sup>1</sup> confirmed space through its final destination. Reach the global market place with our customs cleared, door-to-door service, and flexible pick-up and delivery options.

#### FedEx International Priority® Freight<sup>1</sup>

Choose this service for your most time-critical palletized freight – with delivery to major global markets within 1, 2 or 3 business days depending on your destination.

#### FedEx International Economy® Freight<sup>1</sup>

A cost effective solution for delivery of less urgent palletized freight, to more than 80 countries and territories in the world. Delivery in 4 to 6 business days

	500+	3.90	3.50	3.50	4.80	7.50	7.40	8.80

#### How to calculate your rate

1. Find your destination country and look for the zone in the "Table of FedEx destinations"
2. Choose the service and zone you wish to use
3. Determine rate\* by weight
4. If your shipment weights more than 50 lb, use the "Rates per lb" table
5. In the "Rates per lb" table, the rate will be either the computed rate or the initial rate of the next weight break, whichever is less

Get rate quotes and transit time online; FedEx account holders can log in for an account-specific courtesy rate.

\*The rates in this document are effective January 2, 2012 and supersede the rates shown in the 2011 rate sheets. Based on the package weight, any fraction of a pound/kilo takes the next higher rate. Rates do not include any other fees or charges that may be assessed such as (but not limited to) declared-value charges, special handling fees, customs duties and taxes, ancillary fees and surcharges.

\*\*The FedEx® 10kg Box and FedEx® 25kg Box fixed rates only apply when used with the boxes specially designed for this service and can only be shipped via FedEx International Priority®. Shipments that weigh more than the specified amounts will be charged based on the rates per lb. chart on the rate sheet. Rates are subject to change without notice.

	500+	3.60	3.10	4.30	6.80	6.70	8.00

#### How to calculate your rate

1. Find your destination country and look for the zone in the "Table of FedEx destinations"
2. Choose the service and zone you wish to use
3. Determine rate\* by weight
4. If your shipment weights more than 50 lb, use the "Rates per lb" table
5. In the "Rates per lb" table, the rate will be either the computed rate or the initial rate of the next weight break, whichever is less

Get rate quotes and transit time online; FedEx account holders can log in for an account-specific courtesy rate.

*\*The rates in this document are effective January 2, 2012 and supersede the rates shown in the 2011 rate sheets. Based on the package weight, any fraction of a pound/kilo takes the next higher rate. Rates do not include any other fees or charges that may be assessed such as (but not limited to) declared-value charges, special handling fees, customs duties and taxes, ancillary fees and surcharges.*

## Calculating Dimensional Weight

Dimensional weight applies when your package is relatively light compared with its volume. If the dimensional weight exceeds the actual weight, charges based on the dimensional weight will be assessed.

### HOW TO CALCULATE DIMENSIONAL WEIGHT

1. Measure the length\*\*, height, width of the package and multiply them.
2. Divide the total by the specific dimensional weight factor.
3. If the dimensional weight exceeds the actual weight, use the dimensional weight of your package to calculate your rate.

$$\text{Dimensional weight} = \frac{\text{Length} \times \text{Width} \times \text{Height}}{139} = \text{Pounds}$$

\*\* Length is the longest side of the package or objects. Girth is (2 x width) + (2 x height).
