Burmese Jade Act Exporter Certification

Note:

In accordance with U.S. law, Burmese ruby and jadeite items may no longer be imported to the U.S. In addition, non-Burmese rubies or jadeite exported to the U.S. must be accompanied by an exporter's declaration. An example of an acceptable declaration is provided below for reference.

I (**export company name**) certify that to the best of my knowledge and belief, the jadeite and/or ruby gemstones that are the subject of this Exporter Certificate, whether they are exported as loose stones or incorporated in articles of jewelry, have been subjected to a system of verifiable controls from the mine to the place of exportation or final finishing that demonstrate the gemstones were not mined in or extracted from Burma (Myanmar).

I further certify that I have maintained records for all transactions involving the importation and exportation of rubies and jadeite from countries other than Burma (Myanmar) and that such record will be made available to the relevant government authorities upon request.
