

Integrated Shipping Solutions. Delivered.

- Save time with enhanced online tools.
- Get more done in less time.
- Access more freight solutions than ever before.
- Manage regional and long-haul freight.

With the integrated FedEx Freight and FedEx National LTL Web site you can manage all your regional and long-haul freight shipments in one place. Save time, increase efficiency and access more freight solutions than ever before.

The power of 2, done in 1:

- Integrated regional and long-haul rate quotes and pickup requests simplify your shipping.
- Collapsible shipping applications make shipping online faster.
- Automated auto-fill and parallel data transfers flow data from one application to another.
- Newly integrated My Account provides easy access to customized account information.

The Power of My Account

With just one My Account login to our password-protected Web site, you can manage all your freight shipments faster, saving you valuable time and money.

With My Account it's easy to:

- See a calendar view of your in-transit shipments.
- Get customized rate quotes and look up transit times.
- Schedule pickups and track shipments.
- View signed delivery receipts.
- Create customized templates for Bills of Lading and pickups.
- Easily create and save multiple addresses.
- Quickly generate an online Bill of Lading.
- Sign up for online notifications.

To Sign up for My Account:

1. Go to fedex.com/us/freight/main
2. Select **Sign Up Now!** in the New Customer Center.

Integrated Shipping Solutions. Delivered.

The integrated FedEx Freight and FedEx National LTL Web site at fedex.com provides the online shipping solutions your business needs to plan, manage and ship all your regional and long-haul LTL (less-than-truckload) freight. Here you'll find interactive, intuitive tools to make your job easier and more efficient, with access to critical shipment information 24 hours a day, 7 days a week. On the road or online, FedEx Freight and FedEx National LTL are committed to taking care of you and your customers.

Power of 2, done in 1.

Integrated Online Shipping with
FedEx Freight® and FedEx National LTL™

Ship

Immediate access to the critical shipment tools you need to manage your regional and long-haul freight shipping.

Schedule a Pickup

Quickly request multiple shipment pickups with interactive online tools, helping you save time and effort. And, with My Account, you can save your shipment information for future use and reduce the amount of time it takes to schedule shipments.*

Get Rates

Take advantage of intuitive, online rate calculators for complete end-to-end rate quotes. Access customized account-specific rates available through My Account.

Generate Bills of Lading

Create, view, e-mail and print formatted Bills of Lading. Log in to My Account to access previously saved shipment information, address book details and customized shipping labels.

Find Locations

Find the service center location nearest you. Plus, view local contact information and transit maps.

Get Transit Times

Determine the number of transit days required for your shipment to travel from origin to destination.

View Transit Maps

View a transit map to determine delivery times at-a-glance from virtually any location throughout the U.S., Canada and Mexico.

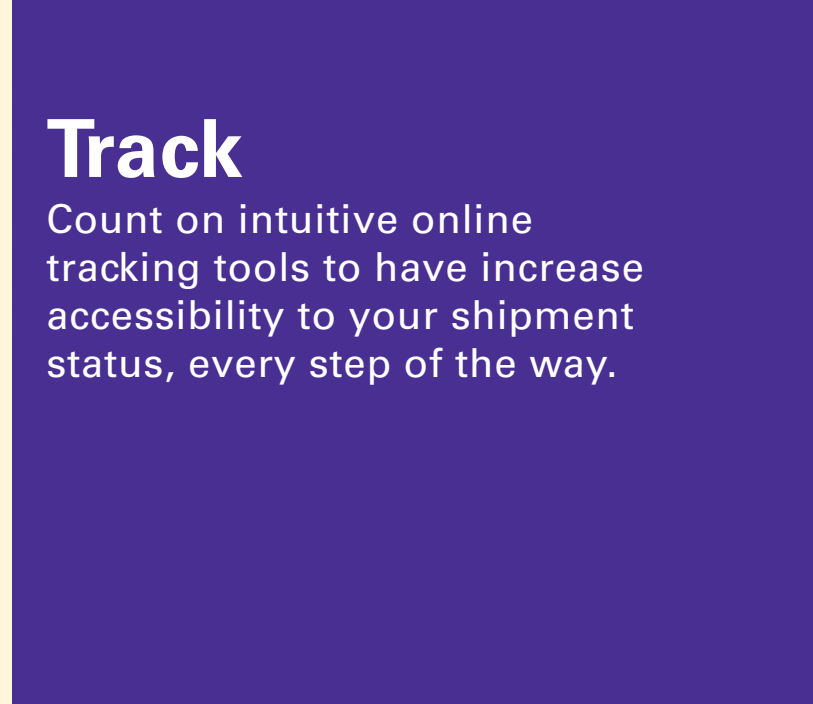

Shipping Desk

Visit our Shipping Desk and take advantage of additional online shipping tools and important shipment documentation.

International Services

Learn about international and offshore service to and from Alaska, Hawaii, Canada, Puerto Rico, Mexico, the Caribbean, Central and South America, and Europe, as well as inbound service from Asia.

*All services are subject to the terms and conditions of the FXF 100 Series Tariff.

Track

Count on intuitive online tracking tools to have increase accessibility to your shipment status, every step of the way.

Track by Tracking Number

Monitor up to 30 shipments at once. Simply enter a tracking number for instant access to shipment details and movement history.

Track by Reference

Tracking your shipments online is easier than ever. For convenient shipment visibility, simply enter your purchase order, shipper, Bill of Lading or partner carrier numbers.

Track by E-mail

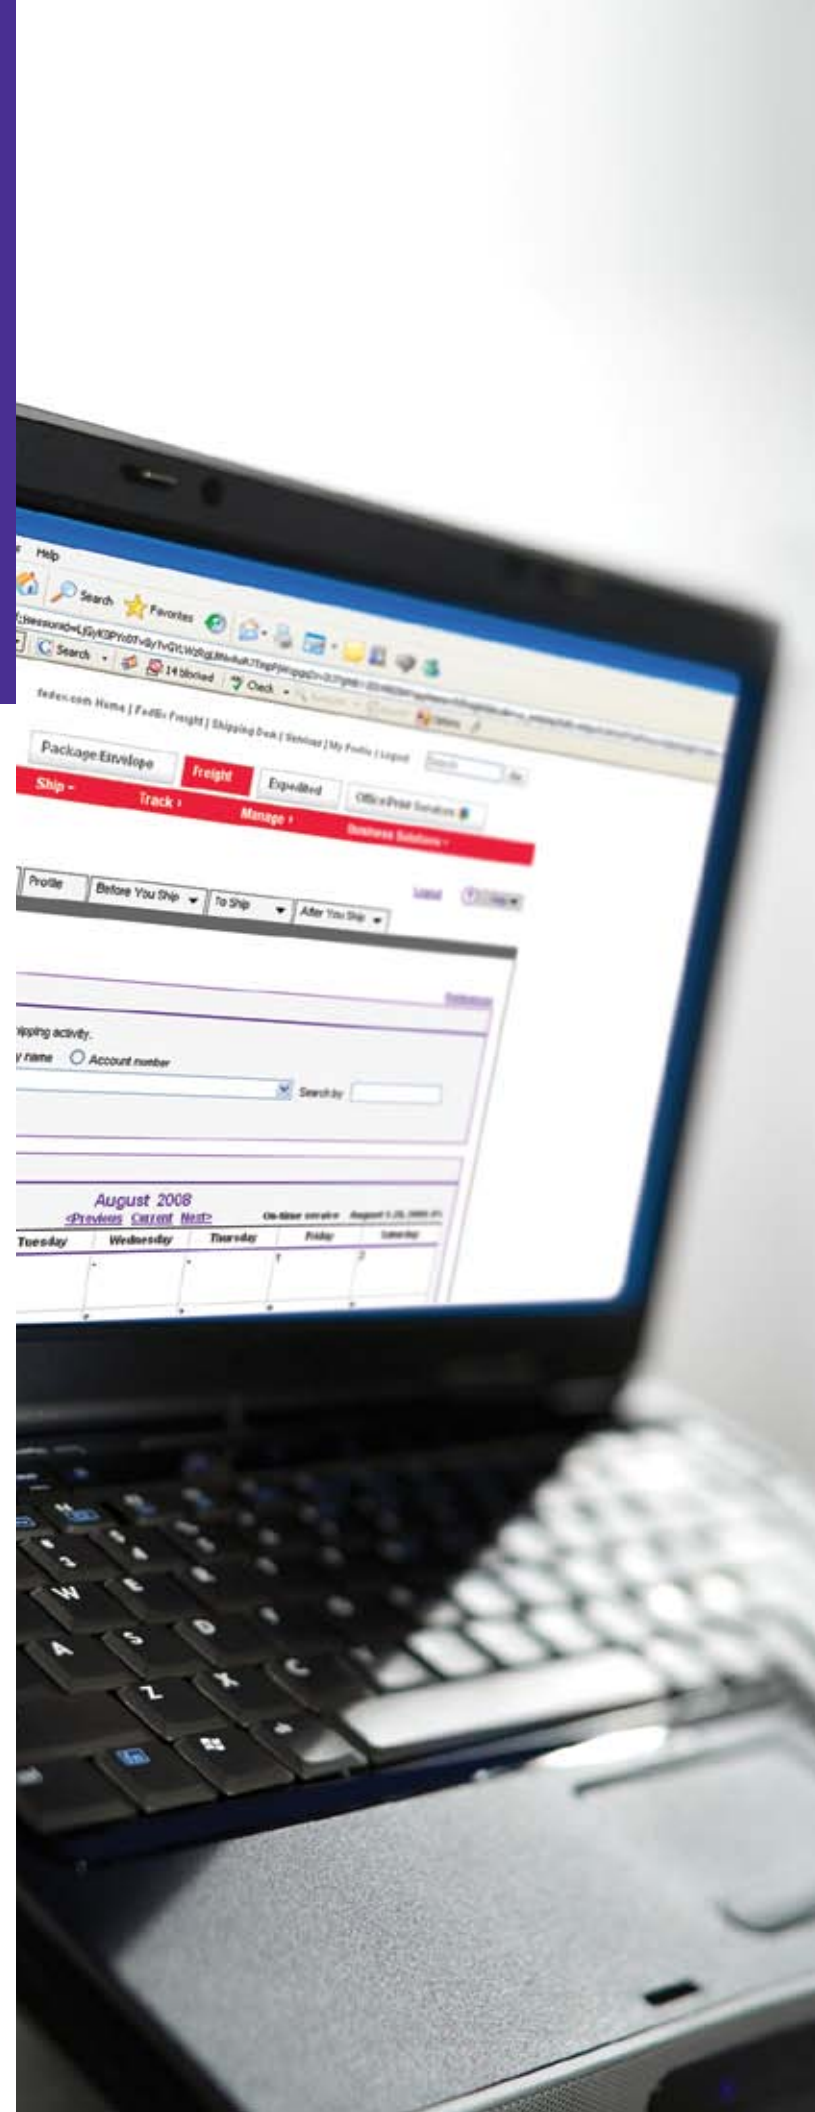

Get end-to-end shipment-status information delivered right to your inbox. For FedEx Freight shipments you can receive tracking information for up to 100 shipments via e-mail with FedEx Freight Tracker. For FedEx National LTL, simply log in to My Account and sign up for e-mail notifications.

Get Notifications

Through My Account, sign up to receive e-mail notifications about shipment events such as pickup, delivery, appointments and exceptions as they happen. And for FedEx Freight shipments, take advantage of FedEx Freight Advance Notice®. On the rare occasion when a shipment is off schedule, we'll send you an e-mail or fax notification before the shipment is due for delivery.

Monitor All My Shipments

Simply log in to My Account for a calendar view of your in-transit shipments. Review information by account or shipment type. This at-a-glance overview makes it easy to manage your daily shipments.

Manage My Account

Customized account solutions to make your job easier and your shipping process more efficient. Plus, review real-time summary status of your inbound and outbound shipments.

View Images

Log in to My Account for convenient access to recent shipping documents, including Bills of Lading and delivery receipts.

Request Reports

Request customized reports about a wide array of shipment activities. View reports online or receive them via e-mail.

Review Open Invoices

Review information concerning your current billing, payments and invoices.

Request Billing Adjustments

Quickly and easily submit requests for billing adjustments.

Claims Resolution

File a claim in minutes. Check back at any time for status updates.

Go to My Account

Sign up today for My Account — a password-protected, interactive online resource where you can access personalized account information and customized tools to meet your business needs. And, with just one login you can manage all your regional and long-haul freight shipping for both FedEx Freight and FedEx National LTL.
