

FedEx Freight & FedEx National LTL: My Account

Customized online tools make your job easier and more efficient. That's why we provide one Web site to access all the tools you need for your LTL (less-than-truckload) shipping. From regional to long-haul shipping needs, everything is right at your fingertips with our integrated Web site.

Within My Account, tabs are available to help you navigate. Under each tab you will find the following:

1. **Calendar Tab** - The FedEx Freight® and FedEx National LTLSM calendar displays the in-transit shipping activity of all your shipments. The drop-down account list will contain all FedEx Freight and FedEx National LTL accounts tied to your My Account login.

Key features:

- Status review of all current shipments at-a-glance in the Calendar view.
- View on-time performance for each account.
- Customize the default settings for your Calendar.

2. **Resources/Tools Tab** - Manage Your Account Aliases lets you select the alias accounts to be used throughout all My Account applications. After selecting an account, you can view the aliases associated with that account. Using the Add and Remove buttons, you can specify which alias will be included in the account lists used in all applications. The alias list can be updated at any time.

Key features:

- The address book allows you to view and add addresses for all your accounts.
- The Item/Category list allows you to easily add categories and items to help organize the shipping materials reference.
- The Autoload function automatically uploads your shipping data for the last three months to your address book and item/category list.
- The FedEx Freight and FedEx National LTL Rules Tariff allows you to view the rules tariff for details on each item.

3. **Profile Tab** - Allows you to manage your account profile, including adding and removing accounts and assigning nicknames.
4. **Before You Ship Tab** - Provides information to help you view Transit Times, Get Rates, view Transit Maps and Find Locations.
5. **Ship Tab** - Provides guidance on how to create a Pickup Request and Bill of Lading.
6. **After You Ship Tab** - Provides guidance on how we can help you to use applications such as track, images, notifications, reports, billing and claims.
