DEFINITION

Ancillary Clearance Service Fees

FedEx provides import clearance processing for international express package and international express freight shipments, and international ground shipments. FedEx may charge an ancillary clearance service fee, where applicable, on international shipments for clearance processing, for services requested by the recipient or importer of record, or to recover the costs passed to FedEx by the regulatory agency for regulatory filing. Ancillary clearance service fees that are invoiced are described on a separate line item on the duty-and-tax invoice.

We may apply these service fees, which are subject to change, to either a U.S.- or non-U.S.-based shipper, recipient or designated third party. When possible, we will honor the shipper's request to bill these service fees to the payer as designated on the Bill Duties and Taxes section of the air waybill or shipping label. When we are unable to honor that request, the recipient may be invoiced for applicable ancillary clearance services.

When the Bill Shipper or Bill Third Party option is selected to pay duty-and-tax charges, the payer will be invoiced for all applicable ancillary service fees that are assessed for clearance in the destination country, including all fees resulting from ancillary services that may have been requested by the recipient.

For more information about the ancillary clearance service fees that may apply to your shipment, select your destination country from the list provided at fedex.com/ancillary/go/service.

<p>Delivery Reattempt Charge If we cannot complete delivery of a U.S. express freight or international express freight shipment on the initial delivery attempt, the freight will be returned to the nearest FedEx Express Freight ramp location. We will not reattempt delivery unless the shipper or recipient requests it. For U.S. express freight shipments, each shipper- or recipient-arranged reattempt will be subject to a delivery reattempt charge in addition to all other applicable charges. After three attempts to notify the recipient or shipper, or five business days after the initial delivery attempt, whichever comes first, the shipment may be considered undeliverable.</p>	U.S. Express Freight Services	Greater of \$43 per shipment or \$0.046 per lb.
<p>Delivery Reattempts Express and Ground U.S. Nonresidential Shipments. FedEx Express and FedEx Ground will reattempt delivery of U.S. nonresidential shipments if: 1) no one at the recipient address or a neighboring address is available to sign for the package and there is no signature release on file; or 2) the shipper has selected a FedEx® Delivery Signature Option and no eligible recipient is available to sign for the package. Express and Ground U.S. Residential Shipments. FedEx Express, FedEx Ground and FedEx Home Delivery will reattempt delivery of U.S. residential shipments if: 1) the shipper has selected a FedEx Delivery Signature Option and no eligible recipient is available to sign for the package; or 2) we, at our sole discretion, determine the package may not be released. Some exceptions apply. See the FedEx Express Terms and Conditions and FedEx Ground Tariff at the back of this book for details. Express Packages (International). For FedEx Express® international packages, we provide redelivery service upon request at no additional charge. However, if delivery of a shipment to a residential address in an international location (including a residence used as an office) cannot be completed on the initial attempt, we may, at our sole discretion, either reattempt delivery, hold the shipment at our facility until we contact the recipient for further delivery instructions, or both. After three attempts to deliver and/or three attempts to notify the recipient, or five business days from the date of shipment, whichever occurs first, the shipment may be considered undeliverable. For FedEx International First shipments, we may provide three delivery attempts. For shipments that cannot be delivered on the first attempt, we may reattempt delivery by 10:30 a.m. on the day of the first attempted delivery. If necessary, a second reattempt may occur by 10:30 a.m. the following business day. Express Freight. For more information on FedEx Express Freight delivery reattempts, see Delivery Reattempt Charge above.</p>	Express Services, Ground Services	See the definition at left and the Pickup and Delivery section in the FedEx Express Terms and Conditions and FedEx Ground Tariff at the back of this book for details.
<p>Dimensional Weight Express. Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 194 (for shipments within the U.S. and shipments between the U.S. and Puerto Rico) or 166 (for international shipments). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. Dimensional weight applies on a per-package or per-shipment basis to all FedEx Express® U.S. shipments in customer packaging, and on a per-shipment basis to all international shipments and U.S.-to-Puerto Rico shipments in customer packaging. Shipments in FedEx® packaging may be subject to dimensional-weight pricing. Ground. Dimensional weight may apply to FedEx Ground packages that are 3 cubic feet (5,184 cubic inches) or larger. Multiply the length by width by height of each package in inches. If the total is 5,184 or greater, calculate dimensional weight by dividing by 194 (for shipments within the U.S.) or 166 (for shipments to Canada). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. If the package measures less than 5,184 cubic inches, dimensional weight does not apply and charges will be assessed based on actual weight.</p>	Express Services, Ground Services	If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. See the definition at left for details.
<p>Duties and Taxes Duties and taxes, including goods and services tax (GST) and value-added tax (VAT), may be assessed on the contents of the shipment. Any such charges will be billed to the recipient, unless you instruct us otherwise. In the event we advance duties and taxes on any given shipment, the payer will be assessed a surcharge based on a flat rate or on a percentage of the total amount advanced.</p>	International Express Package Services, International Express Freight Services	See the definition at left and the Duties and Taxes section in the FedEx Express International Terms and Conditions at the back of this book for details.
