Supplement to the 2008 FedEx Service Guide

Effective January 7, 2008

Updated October 30, 2008

This online FedEx Retail Counter Rates Book contains express and ground rates and shipping information for customers who ship their packages at a FedEx retail counter location in the U.S. and pay by cash, check, debit or credit card instead of shipping on a FedEx account.* To open a FedEx account, apply at fedex.com, call customer service at 1.800.GoFedEx 1.800.463.3339 (say "new account setup") or ask counter staff at a FedEx retail counter location to help you.

Additional service and shipping information, the FedEx Express Terms and Conditions, and the FedEx Ground Tariff are available in the print or online versions of the 2008 FedEx Service Guide.

HOW TO USE THIS BOOK

This online FedEx Retail Counter Rates Book is a resource you can use to:

- Find a rate for express and ground services when you ship your package at a FedEx retail counter location in the U.S. and pay by cash, check, debit or credit card instead of shipping on a FedEx account.
- Learn more about other services and special options.

How the book is organized

- The table of contents on p. 1 describes the book sections, which are organized to help you find your rate and get information about how to ship.
- For packages weighing up to 150 lbs., see **How to Calculate Your Rate: Package Services** on p. 3.
- The **How to Calculate Your Rate: Express Freight Services** section on p. 3 is for freight skids weighing 151 lbs. or more (U.S. and international).

Additional information available in the 2008 FedEx Service Guide

- Service descriptions to help you select a shipping service.
- Instructions on how to ship your package, including details on packaging and processing your shipment, tendering it to us, and tracking it.
- Tools and options that provide solutions for special shipping needs.
- FedEx Express Terms and Conditions and the FedEx Ground Tariff, which provide detailed information about shipping with FedEx.

The 2008 FedEx Service Guide is available at FedEx retail locations and in a downloadable PDF format at fedex.com.

HOW TO CALCULATE YOUR RATE

FedEx SameDay® and FedEx® International Next Flight have special rate instructions; see pp. 35 and 58. You can also get rate quotes and view rates by service or delivery zone online; see the Rate Tools section at fedex.com/us/rates2008 for details.

PACKAGE SERVICES

1. Find the zone for your destination. For U.S. shipments, find your destination ZIP code in a FedEx Zone Locator, then see which zone the ZIP code corresponds to. There are two ways to request FedEx zone location information:
 - Go to fedex.com/us/rates/ratetools.html and select “Get zone locator.”
 - Call 1.800.GoFedEx 1.800.463.3339.International zone tables begin on p. 36.
2. Turn to the appropriate rate table and find your package weight. For FedEx Express® international shipments, find the total shipment weight. Round up to the next-higher pound.
For FedEx Express multiple-piece shipments, per-pound pricing may apply if the total shipment weight qualifies. See p. 34 (U.S. shipments) or p. 57 (international shipments) for details.
Information about dimensional weight is on p. 69. If dimensional weight applies, turn to the appropriate rate table and find your chargeable weight.
3. See your rate under the service you choose.^{1,2}
A \$1.95 residential surcharge per package will be added to the FedEx Ground retail counter rate for FedEx Home Delivery® shipments. FedEx Home Delivery is for residential deliveries only. The maximum package weight is 70 lbs.
4. See pp. 64–72 for fees and other nontransportation charges that may apply.

EXPRESS FREIGHT SERVICES

1. Find the zone for your destination in the tables on p. 60 (U.S. shipments), p. 38 (Canada shipments) and pp. 61 and 63 (other international shipments).
2. Determine your total shipment weight (round up to the next-higher pound). Individual skids typically weigh 151 lbs. or more. Skids exceeding 2,200 lbs. require prior approval. For international shipments, determine your service option (door-to-door, drop-off, hold-at-location, or drop-off and hold-at-location).
Information about dimensional weight is on p. 69. If dimensional weight applies, turn to the appropriate rate table and find your chargeable weight.
3. Multiply the per-pound rate by the total shipment weight.
4. See pp. 64–72 for fees and other nontransportation charges that may apply.

¹Rates for U.S. services are on a per-package basis and include any excise tax required by the Internal Revenue Code on the air transportation portion of these services; and this tax, if any, is paid by us.

²FedEx Ground return services (excluding FedEx Ground Call Tag) are subject to a 5-lb./Zone 8 minimum rate.

U.S. PACKAGE RATES: FEDEX EXPRESS MULTIWEIGHT

FedEx Express multiple-piece shipments may receive a rate on a total-shipment-weight basis if the total shipment weighs 100 lbs. or more. A 10-lb. average minimum package weight for the shipment applies (effective Jan. 19, 2008). Single-piece shipments weighing more than 100 lbs. may also be subject to multiweight pricing. Multiply the per-pound rate by total shipment weight. You are billed the lower of the FedEx Express Multiweight® shipment rate or the sum of the individual price per package.

Hundredweight/Per-Pound Rates

FedEx Express multiple-piece shipments may receive a rate on a total-shipment-weight basis if the total shipment weighs 100 lbs. or more. A 10-lb. average minimum package weight for the shipment applies (effective Jan. 19, 2008). Single-piece shipments weighing more than 100 lbs. may also be subject to per-pound rates. Multiply the per-pound rate by total shipment weight. You are billed the lower of the hundredweight shipment rate or the sum of the individual price per package.

Multiply by total shipment weight.

<p>Dimensional Weight</p> <p>Express. FedEx Express may assess shipping charges based on the International Air Transport Association (IATA) volumetric standard. Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 194 (for shipments within the U.S. and shipments between the U.S. and Puerto Rico) or 166 (for international shipments). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. Dimensional weight applies on a per-package or per-shipment basis to all FedEx Express U.S. shipments in customer packaging, and on a per-shipment basis to all international shipments and U.S. to Puerto Rico shipments in customer packaging. Shipments in FedEx packaging may also be subject to dimensional-weight pricing.</p> <p>Ground. Dimensional weight may apply to FedEx Ground packages that are 3 cubic feet (5,184 cubic inches) or larger. Multiply the length by width by height of each package in inches. If the total is 5,184 or greater, calculate dimensional weight by dividing by 194 (for shipments within the U.S. and shipments to Puerto Rico) or 166 (for shipments to Canada). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. If the package measures less than 5,184 cubic inches, dimensional weight does not apply and charges will be assessed based on actual weight.</p>	Express Services, Ground Services	If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. See the definition at left for details.
<p>Duties and Taxes</p> <p>Duties and taxes, including goods and services tax (GST) and value-added tax (VAT), may be assessed on the contents of the shipment. Any such charges will be billed to the recipient, unless you instruct us otherwise. In the event we advance duties and taxes on any given shipment, the payer will be assessed a surcharge based on a flat rate or on a percentage of the total amount advanced.</p>	International Express Package Services, International Express Freight Services	See the definition at left and the Duties and Taxes section in the FedEx Express International Terms and Conditions in the 2008 FedEx Service Guide for details.

We will determine the amount and duration of any such surcharges at our sole discretion. By tendering your shipment to FedEx, you agree to pay the surcharges, as determined by FedEx.</p> <p>For FedEx Express, the fuel surcharge percentage will be subject to adjustment monthly using a rounded average of the U.S. Gulf Coast (USGC) spot price for a gallon of kerosene-type jet fuel, as published monthly by the U.S. Department of Energy. The surcharge now in effect applies to all FedEx Express U.S. and U.S. export shipments, except for FedEx International Express Freight (IXF) and FedEx International Airport-to-Airport services.</p> <p>For FedEx Ground, the fuel surcharge percentage will be subject to adjustment monthly using a rounded average of the National U.S. On-Highway Average price for a gallon of diesel fuel, as published monthly by the U.S. Department of Energy.</p> <p>Changes to the fuel surcharge will be applied effective the first Monday of each month.
