

Converting FedEx Ship Manager Address Book to fedex.com

To convert your recipient address book from FedEx Ship Manager® to fedex.com, you need to:

- Export your address book from FedEx Ship Manager.
- Import the FedEx Ship Manager address book into fedex.com.
Refer to the instructions below to perform the conversion.

Export Address Book from FedEx Ship Manager

1. Download and save the fedex.com template to your computer (templates.dat). Note the location this template is saved to on your system.
2. To load the fedex.com export template into FedEx Ship Manager, launch FedEx Ship Manager.
3. From the Databases drop-down menu, select **File Maintenance > Restore**. The File Maintenance – Restore screen displays.
4. Click **Restore selected databases** and select **Templates** from the database list. Click **Append** as the restore type and browse through your folders to locate the folder where you saved the templates.dat file. Select **OK**.
5. To export the FedEx Ship Manager database file, launch FedEx Ship Manager.
6. From the Databases drop-down menu, select **File Maintenance > Export**. The File Maintenance – Export screen displays.
7. Select **fedex.com** from the Template name drop-down menu.
8. Click **Browse** in the Output filename field to name the export file and location to save to on your computer. Note the location for the exported file.
9. Click **OK**.

Import Address Book into fedex.com
